

SELECT HANDS-FREE SYSTEM Bluetooth™

MOTOROLA

MOTOROLA IHF 1000 BLUETOOTH CAR-KIT

Step into the car and your Bluetooth phone automatically connects to the hands-free system. Speak into the microphone and listen to the other party through the 5-watt speaker. Press the Blue button and the IHF 1000 will listen and make 'voice dialed' calls by number or name. Elegantly installed with all wires neatly hidden.

- High quality hands-free sound
- Echo and noise cancellation technology
- Stylish multi-function backlit chrome control panel
- Voice dial features supported in English, Spanish, French, Italian and German
- System turns on and off with the ignition
- Meets all current hands-free legislation
- Works with most Bluetooth phones*
- Provides years of trouble-free operation

* See compatibility list on page 5
